Is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought

of the suffering and danger in store for her, robs the expectant mother ef all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of Mother's Friend during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific limiment is a god-send to all women at the time of their most critical trial. Not only does Mother's Friend earry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other dis-
